**Technical formats for reporting by the Member States pursuant to Article 24(1) of
Regulation (EU) No 1143/2014**

INFORMATION SUBMITTED IN APPLICATION OF ARTICLE 24(1) OF REGULATION (EU) No 1143/2014	
Member State	
Reporting period	

SECTION A
Information to be submitted for each of the invasive alien species of Union concern and for each invasive alien species of regional concern subject to measures as provided for in Article 11(2) of Regulation (EU) No 1143/2014

Information on the species, its distribution, status, introduction, spread and reproductive patterns			
1	Species scientific name		
2	Common or vernacular name of the species (<i>optional</i>)		
3	Is the species present, or was it present, in the territory of the Member State during the reporting period?	Yes, currently present in the environment	<input type="checkbox"/>
		Yes, present in the environment within the reporting period, but now confirmed absent	<input type="checkbox"/>
		Yes, present in contained holding	<input type="checkbox"/>
		Not present	<input type="checkbox"/>
		Uncertain or unknown	<input type="checkbox"/>
4	Distribution of the species, including information on its status, reproductive, introduction and spread patterns (to be completed only if the answer to question 3 includes 'Yes, currently present in the environment')		
	4a. Distribution of the species (maps)		
	4b. Species reproductive status	Self-sustaining population(s) exist	<input type="checkbox"/>
		Reproduction occurs, but is limited or occasional	<input type="checkbox"/>
		Reproduction does not occur	<input type="checkbox"/>
		Reproduction does not occur, but is likely in the near future	<input type="checkbox"/>
		Unknown reproductive status	<input type="checkbox"/>
	4c. Reproductive patterns	Sexual	<input type="checkbox"/>
		Asexual	<input type="checkbox"/>
		Both (sexual and asexual)	<input type="checkbox"/>
		Unclear (sexual or asexual)	<input type="checkbox"/>
	4d. Introduction patterns	The species was already introduced into the Member State before the start of the reporting period	<input type="checkbox"/>
		During the reporting period, the species was predominantly introduced into the Member State through natural dispersal from a neighbouring/close-by country	<input type="checkbox"/>
		During the reporting period, the species was predominantly introduced into the Member State through unintentional human	<input type="checkbox"/>

		assistance	
		During the reporting period, the species was predominantly introduced into the Member State through intentional human assistance	<input type="checkbox"/>
		It is unknown how the species was introduced into the Member State during the reporting period	<input type="checkbox"/>
		There is no evidence of new introductions into the Member State during the reporting period	<input type="checkbox"/>
	4e. Spread patterns	During the reporting period, the species predominantly dispersed within the Member State through natural dispersal	<input type="checkbox"/>
		During the reporting period, the species predominantly dispersed within the Member State through unintentional human assistance	<input type="checkbox"/>
		During the reporting period, the species predominantly dispersed within the Member State through intentional human assistance	<input type="checkbox"/>
		It is unknown how the species dispersed within the Member State during the reporting period	<input type="checkbox"/>
		There is no evidence of dispersal within the Member State during the reporting period	<input type="checkbox"/>
	5	Additional information (<i>optional</i>)	

Information on the permits issued for this species (only for IAS on the Union list)				
6	Have permits been issued for this species during the reporting period?	Yes		<input type="checkbox"/>
		No		<input type="checkbox"/>
7	Are there any additional permits for this species that are valid within the current reporting period issued in a previous reporting period?	Yes		<input type="checkbox"/>
		No		<input type="checkbox"/>
8	<i>To be completed if at least one of the answers to questions 6 and 7 above is 'Yes'</i>			
	Calendar year concerned			
	Purpose of permit	Number of permits issued during the calendar year concerned	Number of additional valid permits during the calendar year concerned	Total number of individuals/specimens or volume concerned corresponding to the permits issued/valid
	Permits for research			
	Permits for <i>ex situ</i> conservation			
	Permits for scientific production and subsequent medicinal use to advance human health			
	Permits for other activities after authorisation by the Commission (Article 9 of Regulation (EU) No 1143/2014)			
9	Was any permit withdrawn during the reporting period?	Number of permits withdrawn permanently		
		Number of permits withdrawn temporarily		
		Number of individuals/specimens or volume concerned		
		Purpose for which the permits have been issued		

10	Information made publicly available on the Internet for all permits issued by issue date	Scientific name	
		Common name	
		Number of individuals / specimens or volume concerned.	
		Purpose for which the permit has been issued	
	Combined Nomenclature Codes as provided in Council Regulation (EEC) No 2658/87 ¹		
	Web link to information on the Internet regarding the permits issued as required under Article 8(7) of Regulation (EU) No 1143/2014		
11	Additional information (<i>optional</i>)		

Information on inspections
To be completed only if the answer to questions 6 or 7 above is 'Yes'

12	Calendar year concerned				
	Purpose of permit	Number of establishments subjected to the inspections	Number of individuals/ specimens or volume concerned corresponding to the permits held by the inspected establishments	Number of inspected establishments deemed non-compliant with the conditions set out in the permits	Number of individuals/ specimens or volume concerned corresponding to the permits held by the inspected establishments deemed non-compliant with the conditions set out in the permits
	Permits for research				
	Permits for <i>ex situ</i> conservation				
	Permits for scientific production and subsequent medicinal use to advance human health				
	Permits for other activities after authorisation by the Commission (Article 9 of Regulation (EU) No 1143/2014)				
	13	Additional information (<i>optional</i>)			

Information on rapid eradication measure(s) taken for this species (Article 17 of Regulation (EU) No 1143/2014)

14	Has the species been subject to rapid eradication measures during the reporting period?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>

¹ Council Regulation (EEC) No 2658/87 of 23 July 1987 on the tariff and statistical nomenclature and on the Common Customs Tariff [OJ L 256, 7.9.1987, p. 1, ELI: <http://data.europa.eu/eli/reg/1987/2658/oj>].

15	<i>To be completed only if answer to question 14 above is 'Yes'</i>			
	15a. Did the rapid eradication measures cover the whole distribution area of the species in the Member State?	Yes	<input type="checkbox"/>	
		No	<input type="checkbox"/>	
	15b. Was early detection of the introduction or presence, or reappearance of the species on the territory, notified to the Commission and other Member States without delay through NOTSYS?	Yes	<input type="checkbox"/>	
		No	<input type="checkbox"/>	
	15c. Were the rapid eradication measures applied within three months after the transmission of the early detection notification?	Yes	<input type="checkbox"/>	
		No	<input type="checkbox"/>	
	15d. Were the rapid eradication measures applied notified to the Commission and other Member States informed through NOTSYS?	Yes	<input type="checkbox"/>	
		No	<input type="checkbox"/>	
	15e. Was the effectiveness of the measures taken and/or potential eradication of the species notified to the Commission and other Member States informed through NOTSYS?	Yes	<input type="checkbox"/>	
		No	<input type="checkbox"/>	
	15f. Measure(s)	Starting date		
		Estimated end date of application of measure(s)	Finalised. Actual end date:	<input type="checkbox"/>
			Ongoing. Estimated end date:	<input type="checkbox"/>
			Ongoing. Undetermined end date	<input type="checkbox"/>
		Part of the territory		
		Biogeographical region(s)		
		River basin sub-unit(s)		
		Marine sub-region(s)		
		Additional details on the populations subjected to the measures. Max. 300 words		
	15g. Method(s) used (<i>optional. Multiple ticks are possible</i>)	Mechanical/Physical		<input type="checkbox"/>
		Chemical		<input type="checkbox"/>
		Biological		<input type="checkbox"/>
		Other		<input type="checkbox"/>
		Additional details on the method(s) used to rapidly eradicate the species		
	15h. Effectiveness of the method(s)	Eradicated (complete and permanent removal of all individuals)		<input type="checkbox"/>
		Temporarily eradicated (individuals reinvaded the area after successful eradication)		<input type="checkbox"/>
		Partially eradicated (reduction in the number of individuals, but some still present)		<input type="checkbox"/>

		No effect (no reduction in the number of individuals or number of individuals still increasing)	<input type="checkbox"/>
		Unknown	<input type="checkbox"/>
	15i. Side effects of the method(s) applied (<i>multiple ticks are possible</i>)	Negative impact on the habitats/environment	<input type="checkbox"/>
		Negative impact on non-targeted species	<input type="checkbox"/>
		Negative impact on human health	<input type="checkbox"/>
		No negative impact observed	<input type="checkbox"/>
		Unknown	<input type="checkbox"/>
	15j. Impacted non-targeted species		Impact per species
	<i>To be completed only for rapid eradication measures targeting animal species</i>		
	15k. Were appropriate measures undertaken to spare animals any avoidable pain, distress or suffering?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>
	Additional details on the measures undertaken to spare animals any avoidable pain, distress or suffering (<i>optional</i>)		
	15l. Description of the approach used to monitor the effectiveness of the rapid eradication (<i>optional</i>) Max. 300 words.		
16	Additional information (<i>optional</i>)		

Information on management measure(s) taken for this species (Article 19 of Regulation (EU) No 1143/2014)			
17	Has the species been subject to management measures during the reporting period?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>
18	<i>To be completed only if answer to question 17 above is 'Yes'</i>		
	18a. Did the management measures taken cover the whole distribution area of the species in the Member State?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>
	18b. Measure(s)	Starting date	
		Estimated or end date of application of measure(s)	Finalised. Actual end date: <input type="checkbox"/>
			Ongoing. Estimated end date: <input type="checkbox"/>
			Ongoing. Undetermined end date <input type="checkbox"/>
		Objective of the measure(s)	Eradication <input type="checkbox"/>
			Control <input type="checkbox"/>
			Containment <input type="checkbox"/>
		Part of the territory	

		Biogeographical region(s)		
		River basin sub-unit(s)		
		Marine sub-region(s)		
		Additional details on the populations subjected to the measures Max. 300 words		
	18c. Method(s) used (<i>optional; multiple ticks are possible</i>)	Mechanical/Physical		<input type="checkbox"/>
		Chemical		<input type="checkbox"/>
		Biological		<input type="checkbox"/>
		Other		<input type="checkbox"/>
		Additional details on the method(s) used to manage the species		

Information on management measure(s) taken for this species (Article 19 of Regulation (EU) No 1143/2014)				
	18d. Effectiveness of the measure(s)	Eradication	Eradicated (complete and permanent removal of all individuals)	<input type="checkbox"/>
			Temporarily eradicated (individuals reinvaded the area after successful eradication)	<input type="checkbox"/>
			Partially eradicated (reduction in the number of individuals, but some still present)	
			No effect (no reduction in the number of individuals or number of individuals still increasing)	<input type="checkbox"/>
		Control	Population or impacts under or within desired threshold	<input type="checkbox"/>
			Population or impacts above desired threshold	<input type="checkbox"/>
		Containment	Entire target population contained	<input type="checkbox"/>
			Part of the target population contained	<input type="checkbox"/>
			Target population not contained	<input type="checkbox"/>
		Unknown		<input type="checkbox"/>
	18e. Side effects of the method(s) applied (<i>multiple ticks are possible</i>)	Negative impact on the habitat/environment	<input type="checkbox"/>

	18g. Were appropriate measures undertaken to spare animals any avoidable pain, distress or suffering?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>
	Additional details on the measures undertaken to spare animals any avoidable pain, distress or suffering (<i>optional</i>)		
	18h. Description of the surveillance system provided for in Article 14 used to monitor the effectiveness of the eradication, population control or containment measures (<i>optional</i>)		
19	Additional information (<i>optional</i>)		
Information on the impact of this species (<i>Optional</i>)			
20	Observations on the impact of the species during the reporting period. Max 300 words.		
Additional information on species of regional concern			
21	Is the Member State involved in enhanced regional cooperation for invasive alien species of regional concern as per Article 11 of the IAS regulation?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>
		If ticked „Yes“ above, please provide more detail (Max 300 words) or link to a document:	
22	Articles applied to the species in the Member State territory, or part of it, following Article 11.2		
	Addressed in the action plans pursuant to Article 13	<input type="checkbox"/>	
	Covered by the surveillance system pursuant to Article 14	<input type="checkbox"/>	
	Subject to early detection system pursuant to Article 16	<input type="checkbox"/>	
	Subject to rapid eradication following an early detection pursuant to Article 17	<input type="checkbox"/>	
	Subject to management measures if widely spread pursuant to Article 19	<input type="checkbox"/>	
	Restoration measures pursuant to Article 20	<input type="checkbox"/>	
	Additional information (<i>optional</i>)		

SECTION B			
Information to be submitted for each of the invasive alien species of Member State concern as provided for in Article 12 of Regulation (EU) No 1143/2014			
1	Has the Member State established a national list of invasive alien species of Member State concern? <i>If yes, questions 2 and 3 below have to be answered for each of the species on this list, and questions 2 to 6 have to be answered for all those species that are not also of Union concern.</i>	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>
2	Species scientific name		
3	Common name of the species (<i>optional</i>)		
4a	Is the species native to part of the territory of the European Union?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>

4b	Is the species present, or has it been present, in the territory of the Member State during the reporting period? <i>(if a species is native to a part of the territory of the Member State reply only for what concerns the alien range of the species)</i>	Yes, currently present in the environment	<input type="checkbox"/>
		Yes, present in the environment within the reporting period, but now confirmed absent	<input type="checkbox"/>
		Yes, present in contained holding	<input type="checkbox"/>
		Not present	<input type="checkbox"/>
		Uncertain or unknown	<input type="checkbox"/>
5	Distribution of the species, including information on its reproductive status <i>(optional)</i>		
	5a. Distribution maps	Yes, provided	<input type="checkbox"/>
		No, not provided	<input type="checkbox"/>
	5b. Species reproductive status	Self-sustaining population(s) exist	<input type="checkbox"/>
		Reproduction occurs, but is limited or occasional	<input type="checkbox"/>
		Reproduction does not occur	<input type="checkbox"/>
		Reproduction does not occur, but is likely to in the near future	<input type="checkbox"/>
		Unknown reproductive status	<input type="checkbox"/>
6	Measure(s) applied in the territory of the Member State in relation to the species pursuant to Article 7 <i>(multiple ticks are possible)</i>		
	Restriction to intentionally bring into the territory		<input type="checkbox"/>
	Restriction to intentionally keep, including in contained holding		<input type="checkbox"/>
	Restriction to intentionally breed, including in contained holding		<input type="checkbox"/>
	Restriction to intentionally transport, except in the context of eradication		<input type="checkbox"/>
	Restriction to intentionally place on the market		<input type="checkbox"/>
	Restriction to intentionally use or exchange		<input type="checkbox"/>
	Restriction to intentionally permit to reproduce, grown or cultivated, including in contained holding		<input type="checkbox"/>
	Restriction to intentionally release into the environment		<input type="checkbox"/>
	Prevention of the unintentional introduction or spread, including, where applicable, by gross negligence		<input type="checkbox"/>
	Other measure(s) applied in the territory of the Member State in relation to the species <i>(multiple ticks are possible)</i>		
	Derogations foreseen within a permit system analogous to that of Article 8 of Regulation (EU) No 1143/2014		<input type="checkbox"/>
	Addressed in action plans analogous to those referred to in Article 13 of Regulation (EU) No 1143/2014		<input type="checkbox"/>
	Covered by a surveillance system analogous to that of Article 14 of Regulation (EU) No 1143/2014		<input type="checkbox"/>
	Official controls to prevent the intentional introduction analogous to those referred in Article 15 of Regulation (EU) No 1143/2014		<input type="checkbox"/>
	Subject to an early detection system analogous to that of Article 16 of Regulation (EU) No 1143/2014		<input type="checkbox"/>
	Subject to rapid eradication following an early detection analogous to that of Article 17 of Regulation (EU) No 1143/2014		<input type="checkbox"/>
	Subject to management measures if widely spread analogous to those referred to in Article 19 of Regulation (EU) No 1143/2014		<input type="checkbox"/>

	Restoration measures analogous to those referred to in Article 20 of Regulation (EU) No 1143/2014	<input type="checkbox"/>
7	Additional information (<i>optional</i>)	

SECTION C

Horizontal Information

Information on the Action plan(s) on the pathways of invasive alien species (Article 13 of Regulation (EU) No 1143/2014)			
1	For which species of Union concern has an analysis and prioritisation of the pathways of unintentional introduction and spread been performed?	Initial Union list	<input type="checkbox"/>
		First update of the Union list	<input type="checkbox"/>
		Second update of the Union list	<input type="checkbox"/>
		Third update of the Union list	<input type="checkbox"/>
		Fourth update of the Union list	<input type="checkbox"/>
		Other updates of the Union list (specify which)	<input type="checkbox"/>
2	Is the pathway terminology recommended in the Convention on Biological Diversity ('CBD') used in the analysis and prioritisation of the pathways of unintentional introduction and spread, as provided for in Commission Delegated Regulation (EU) 2018/968 ² ?	Yes	<input type="checkbox"/>
		No	<input type="checkbox"/>
3	List of pathways which require priority action ('priority pathways') because of the volume of species or of the potential damage caused by the species entering the Union through those pathways (Article 13(1) of Regulation (EU) No 1143/2014)		
4	Document showing/describing the analysis of the pathways of unintentional introduction and spread of invasive alien species of Union concern referred to in Article 13(1) of Regulation (EU) No 1143/2014 (<i>optional; provide links</i>)		
5	Has the Member State produced one single action plan or a set of action plans?	One single action plan	<input type="checkbox"/>
		Set of action plans	<input type="checkbox"/>
6	For all action plans produced, specify which priority pathways have been addressed by which action plan		Species covered
7	For all action plans produced, indicate which have been finalised or are still being drafted	Finalised (specify which)	
		Draft (specify	

² Commission Delegated Regulation (EU) 2018/968 of 30 April 2018 supplementing Regulation (EU) No 1143/2014 of the European Parliament and of the Council with regard to risk assessments in relation to invasive alien species (OJ L 174, 10.7.2018, p. 5, ELI: http://data.europa.eu/eli/reg_del/2018/968/oj).

		which)	
8	For all action plans finalised, indicate which have been established (i.e. formally adopted) by the Member State	Established (specify which)	
		Not established (specify which)	
9	For all established action plans, indicate which have been implemented by the Member State	Fully implemented (specify which)	
		Partly implemented (specify which)	
		Not implemented (specify which)	
10	Action plan(s) document referred to in Article 13(2) of Regulation (EU) No 1143/2014		
11	Additional information. For instance, on difficulties encountered and areas for future improvement (<i>optional</i>)		

Information on the Surveillance system of invasive alien species of Union concern (Article 14 of Regulation (EU) No 1143/2014)				
12	Description of the surveillance system	Does the system entirely cover the territory, including marine territorial waters, of the MS?	Complete coverage	<input type="checkbox"/>
			No/Partial coverage	<input type="checkbox"/>
		Description and additional details of the geographic coverage of the surveillance system		
		Weblink to information regarding the surveillance system (or annex document)		
13	Is the surveillance system being used to monitor the effectiveness of rapid eradication measures at an early stage of invasion (as provided for in Article 17(3) of Regulation (EU) No 1143/2014)?	Yes, for all rapid eradication measures	<input type="checkbox"/>	
		Yes, for some rapid eradication measures	<input type="checkbox"/>	
		No	<input type="checkbox"/>	
14	Additional information. For instance, on difficulties encountered and areas for future improvement (<i>optional</i>)			

Information on the official controls necessary to prevent the intentional introduction of invasive alien species of Union concern (Article 15 of Regulation (EU) No 1143/2014)				
15	Description of the official controls system	Are the structures to	Yes	<input type="checkbox"/>

		carry out the official controls in place and operational	Partly	<input type="checkbox"/>
			No	<input type="checkbox"/>
		General description of the structures in place. Max. 300 words		
		Categories of goods that are subject to official controls		
16	Additional information. For instance, on difficulties encountered and areas for future improvement (<i>optional</i>)	Competent authorities carrying out risk-based controls		
		Weblink to information regarding the official controls (or annex document)		

Information on Measures taken to inform the public and any actions that citizens have been requested to take						
17	Description of measures taken to inform the public on invasive alien species and actions required for citizens to take (referred to in Article 24(1), point (g), of Regulation (EU) No 1143/2014)					
18	Has public participation on action plan(s) been ensured (as referred to in Article 26 of Regulation (EU) No 1143/2014)?	Yes	<input type="checkbox"/>			
		No	<input type="checkbox"/>			
	Has public participation on management measures been ensured (as referred to in Article 26 of Regulation (EU) No 1143/2014)?	Yes	<input type="checkbox"/>			
		No	<input type="checkbox"/>			
19	Additional details on public participation on action plan(s) and management measures (Max. 300 words)					
20	Additional information (<i>optional</i>)					

Information on the cost of action undertaken to comply with this regulation				
21	Description of the cost of actions undertaken to comply with Regulation (EU) No 1143/2014 (as referred to in Article 24(1), point (i), thereof), when available			
	Description of costs incurred or effort supported to comply with Regulation (EU) No 1143/2014 – listed by category, where possible	Capacity building		
		Pathway action plans		
		Operation of surveillance system		
		Operation of official controls		
		Implementation		

		of rapid eradication or management measures				
		Operation of inspections of establishments holding permits				
		Restoration of the damaged ecosystems				
		Other costs				
	Description and indication of total costs incurred or effort supported to comply with Regulation (EU) No 1143/2014 where costs cannot be listed separately by category. Select the relevant categories towards which those costs or that effort contribute.					
		Capacity building	<input type="checkbox"/>	Implementation of rapid eradication or management measures	<input type="checkbox"/>	
		Operation of surveillance system	<input type="checkbox"/>	Operation of inspections of establishments holding permits	<input type="checkbox"/>	
		Operation of official controls	<input type="checkbox"/>	Other costs	<input type="checkbox"/>	
22	Have costs recovery systems been put in place, in accordance with the polluter pays principle, to recover the costs of the measures needed to prevent, minimise or mitigate the adverse impact of invasive alien species, been put in place (as provided for in Article 21 of Regulation (EU) No 1143/2014)?	Yes	<input type="checkbox"/>			
		No	<input type="checkbox"/>			
23	Additional information. For instance, on difficulties encountered and areas for future improvement (<i>optional</i>)					
24	Additional information – General (<i>optional</i>)					

Instructions for compiling the information to be submitted

Member States shall submit information in relation to all questions, except for those indicated as optional.

SECTION A

All questions under Section A shall be completed for each of the invasive alien species included on the Union list referred to in Article 4(1) of Regulation (EU) No 1143/2014, in the version in force by the end of the last calendar year covered by the report.

For each of the species of regional concern for which, by the same date, an implementing act adopted in accordance with Article 11(2) of Regulation (EU) No 1143/2014 has entered into force, only questions 1 to 5 and 14 to 22 shall be completed.

Question 1

- Provide the scientific name of the species.

Question 2

- *Optional*: Provide the common name of the species in the national language.

Question 3

- Indicate whether the species is considered as present in the territory of the Member State (excluding the outermost regions where applicable).
- Several boxes may be ticked.
- For the option 'Yes, present in contained holding', tick this option if the information is readily available, i.e. no need to conduct *ad hoc* research or surveys.

Questions 4.a. to 4.d.

- If the answer to question 3 is 'Yes, currently present in the environment', provide a file with data on the distribution of the species applying Directive 2007/2/EC. This file shall use the spatial object types defined in Section 18 of Annex IV ('Species Distribution') to Regulation (EU) No 1089/2010. Information on the reproductive status, reproduction, introduction and spread patterns shall be specified using appropriate code lists.
- Question 4.c. - Reproductive patterns. To be completed only if answer to question 4b. is option a) or b).
- Question 4.d. - Introduction patterns. It is possible to tick more than one box.

Question 5

- *Optional*: Provide any additional information considered necessary to explain the answers to questions 1 to 4.

Question 6

- Indicate if permits as referred to in Articles 8(2) and/or 9(6) of Regulation (EU) No 1143/2014 have been issued in relation to the species during the reporting period.

Question 7

- Indicate if any additional permits as referred to in Articles 8(2) and/or 9(6) of Regulation (EU) No 1143/2014 for this species that are valid within the current reporting period were issued in a previous reporting period.

Question 8

- To be answered only if answer to question 6 and/or 7 is 'Yes'.
- For each calendar year covered by the report, indicate the number of issued and/or valid permits referred to in Article 8 and Article 9 of Regulation (EU) No 1143/2014 per category of purpose as well as the corresponding total number of individuals/specimens or volume concerned covered by these permits, including the measurement unit (number of specimens, kg of seeds, etc.).

Question 9

- Indicate whether any permit was withdrawn during the reporting period, either permanently and/or temporarily.

Question 10

- Confirm that the information referred to in Art. 8(7) of Regulation (EU) No 1143/2014 was made publicly available on the Internet without delay for all permits issued, and indicate the relevant Web link.

Question 11

- *Optional:* Provide any additional information considered necessary to explain the answers to questions 6 to 10.

Question 12

- For each calendar year covered by the report provide the table completed in relation to the inspections required under Article 8(8) of Regulation (EU) No 1143/2014.

Question 13

- *Optional:* Provide any additional information considered necessary to explain the answer to question 12. Elaborate in particular on the reasons for absence of inspections and on any planned actions.

Question 14.

- Tick the appropriate box.

Question 15

- If the answer to question 14 is 'Yes', respond to this question. Information may be provided by grouping individuals/populations of the species concerned by the same rapid eradication measure(s) in accordance with Article 17 of Regulation (EU) No 1143/2014. If different populations are addressed by different measures, this information must be submitted for each such population.

Question 15f.

- Tick as appropriate and add relevant date.

Question 15g.

- *Optional:* Tick as appropriate. Multiple ticks are possible.

Question 15i

- Tick as appropriate. Multiple ticks are possible.

Question 15j

- To be answered only if the answer to question 15i. includes the option 'Negative impacts on non-targeted species'.

Question 15k

- To be answered only if this section is being filled in for measures targeting invasive alien animal species of Union or regional concern.

Question 15l.

- *Optional:* This question applies to both animal and non-animal species.

Question 16

- *Optional:* Provide any additional information considered necessary to explain the answers to questions 14 and 15.

Elaborate in particular on the reasons for absence of measures and on any planned actions.

Question 17

- Indicate whether the species was subject to any management measure during the reporting period.

Question 18

If the answer to question 17 is 'Yes', respond to this question. Information may be provided by grouping distinct populations of the species addressed by the same management measure(s) in accordance with Article 19 of Regulation (EU) No 1143/2014. If different populations are addressed by different measures, this information must be submitted for each such population, i.e., tables may be duplicated for each geographic subunit.

Question 18b.

- Tick as appropriate and add relevant date.

Question 18c.

- *Optional:* Tick as appropriate. Multiple ticks are possible.

Question 18e.

- Tick as appropriate. Multiple ticks are possible.

Question 18f.

- To be answered only if the answer to question 18e. includes the option "Negative impacts on non-targeted species".

Question 18g.

- To be answered only if this section is being filled in for measures targeting invasive alien animal species of Union or regional concern.

Question 18h.

- *Optional:* This question applies to both animal and non-animal species.

Question 19.

- *Optional:* Provide any additional information considered necessary to explain the answers to questions 17 and 18. Elaborate in particular on the reasons for absence of measures and on any planned actions.

Question 20.

- *Optional:* Provide information on the impact of the species on biodiversity and related ecosystem services, including on native species, protected sites, endangered habitats. In addition, provide information on the social and economic impacts of the species as well as its impacts on human health and safety.

Question 21

- Tick the appropriate box to indicate if the Member State is involved in the listing of any invasive alien species of regional concern. Provide the scientific name of the species.

Question 22

- Question 22 should be duplicated for every species mentioned under question 21.

SECTION B

Section B shall be completed for each of the invasive alien species of Member State concern pursuant to Article 12(2) of Regulation (EU) No 1143/2014.

Question 1

- Clarify if the Member State has established a national list of invasive alien species of Member State concern.

Question 2

- Provide the scientific name of the species.

Question 3

- *Optional:* Provide the common name of the species in the national language.

Question 4a.

- Indicate whether the species is native to part of the territory of the European Union.

Question 4b.

- Indicate whether the species is considered as present in the territory of the Member State (if a species is native to a part of the territory of the Member State reply only for what concerns the alien range).
- Several boxes may be ticked.
- For the option “Yes, present in contained holding”, tick this option if the information is readily available, i.e. no need to conduct ad hoc research or surveys.

Question 5

- *Optional:* To be completed only if the answer to question 4b. is ‘Yes, currently present in the environment’. See instructions for question 4 of Section A. Note that, if a species is native to a part of the territory of the Member State, reply to these questions only for what concerns the alien range of the species in the Member State.

Question 6

- If applicable, indicate which measures are applied for the given species. Multiple ticks are possible.

Question 7

- *Optional:* Provide any additional information considered necessary to explain the answers to questions 1 to 6.

SECTION C

Question 1

- Specify for which Union list and updates of the Union list has a comprehensive analysis of the pathways of unintentional introduction and spread, as well as their prioritisation, been undertaken.

- Initial Union list: Commission Implementing Regulation (EU) 2016/1141³
- First update of the Union list: Commission Implementing Regulation (EU) 2017/1263⁴
- Second update of the Union list: Commission Implementing Regulation (EU) 2019/1262⁵
- Third update of the Union list: Commission Implementing Regulation (EU) 2022/1203⁶

Question 2

- Tick the appropriate box.

Question 3

- List the pathways requiring priority action that resulted from the pathway analysis performed according to Article 13(1) of Regulation (EU) No 1143/2014.

Question 4

- Optional: Provide the pathway prioritisation document that was produced or a link to it.

Question 5

- Tick the appropriate box. A single action plan containing several thematic chapters is still a single action plan.

³ Commission Implementing Regulation (EU) 2016/1141 of 13 July 2016 adopting a list of invasive alien species of Union concern pursuant to Regulation (EU) No 1143/2014 of the European Parliament and of the Council (OJ L 189, 14.7.2016, p. 4, ELI: http://data.europa.eu/eli/reg_impl/2016/1141/oj).

⁴ Commission Implementing Regulation (EU) 2017/1263 of 12 July 2017 updating the list of invasive alien species of Union concern established by Implementing Regulation (EU) 2016/1141 pursuant to Regulation (EU) No 1143/2014 of the European Parliament and of the Council (OJ L 182, 13.7.2017, p. 37, ELI http://data.europa.eu/eli/reg_impl/2017/1263/oj).

⁵ Commission Implementing Regulation (EU) 2019/1262 of 25 July 2019 amending Implementing Regulation (EU) 2016/1141 to update the list of invasive alien species of Union concern (OJ L 199, 26.7.2019, p. 1, ELI: http://data.europa.eu/eli/reg_impl/2019/1262/oj).

⁶ Commission Implementing Regulation (EU) 2022/1203 of 12 July 2022 amending Implementing Regulation (EU) 2016/1141 to update the list of invasive alien species of Union concern (OJ L 186, 13.7.2022, p. 10, ELI: http://data.europa.eu/eli/reg_impl/2022/1203/oj).

Question 6

- By using the codes below, indicate the relevant priority pathways addressed and the invasive alien species of Union concern covered for each of these pathways:

Pathway	Code
1. RELEASE IN NATURE	Biological control
	1.1
	Erosion control/ dune stabilization (windbreaks, hedges, ...)
	1.2
	Fishery in the wild (including game fishing)
	1.3
	Hunting
	1.4
2. ESCAPE FROM CONFINEMENT	Landscape/flora/fauna “improvement” in the wild
	1.5
	Introduction for conservation purposes or wildlife management
	1.6
	Release in nature for use (other than above, e.g., fur, transport, medical use)
	1.7
	Other intentional release
	1.8
	Agriculture (including Biofuel feedstocks)
	2.1
	Aquaculture / mariculture
	2.2
3. TRANSPORT – CONTAMINATION	Botanical garden/zoo/aquaria (excluding domestic aquaria)
	2.3
	Pet/aquarium/terrarium species (including live food for such species)
	2.4
	Farmed animals (including animals left under limited control)
	2.5
	Forestry (including afforestation or reforestation)
	2.6
	Fur farms
	2.7
4. TRANSPORT - STOWAWAY	Horticulture
	2.8
	Ornamental purpose other than horticulture
	2.9
	Research and <i>ex-situ</i> breeding (in facilities)
	2.10
	Live food and live bait
	2.11
	Other escape from confinement
	2.12
5. CORRIDOR	Contaminant nursery material
	3.1
	Contaminated bait
	3.2
	Food contaminant (including of live food)
	3.3
	Contaminant on animals (except parasites, species transported by host/vector)
	3.4
	Parasites on animals (including species transported by host and vector)
	3.5
6. UNAIDED	Contaminant on plants (except parasites, species transported by host/vector)
	3.6
	Parasites on plants (including species transported by host and vector)
	3.7
	Seed contaminant
	3.8
	Timber trade
	3.9
	Transportation of habitat material (soil, vegetation...)
	3.10
7. TRANSPORT - STOWAWAY	Angling/fishing equipment
	4.1
	Container/bulk
	4.2
	Hitchhikers in or on airplane
	4.3
	Hitchhikers on ship/boat (excluding ballast water and hull fouling)
	4.4
	Machinery/equipment
	4.5
8. CORRIDOR	People and their luggage/equipment (in particular tourism)
	4.6
	Organic packing material, in particular wood packaging
	4.7
	Ship/boat ballast water
	4.8
	Ship/boat hull fouling
	4.9
	Vehicles (car, train, ...)
	4.10
9. CORRIDOR	Other means of transport
	4.11
	Interconnected waterways/basins/seas
	5.1
	Tunnels and land bridges
	5.2
	Natural dispersal across borders of invasive alien species that have been introduced through pathways 1 to 5
	6.1

Question 7

- Indicate which action plans are finalised and which are still being drafted.

Questions 8 and 9

- Indicate which action plans are established and which have been implemented.

Question 10

- Provide the Action plans adopted or a link to them.

Question 11

- *Optional:* Provide any additional information on the Action plan(s) adopted or under preparation.

Question 12

- Tick the appropriate box.

Provide details about the geographic coverage of the surveillance system.

Submit a document (or web link to such document, if appropriate) describing the surveillance system referred to in Article 14 of Regulation (EU) 1143/2014.

Question 13

- Tick the appropriate box.

Question 14

- *Optional:* Provide any additional information on the Surveillance system set up.

Question 15

- Tick the appropriate box.

Provide details about the official control system in place, including a description of the structures used to carry out official controls, procedures to ensure the exchange of relevant information and the efficient and effective coordination between all authorities involved in the verification, as provided for in Article 15(7) of Regulation (EU) 1143/2014.

List the categories of goods that are subject to official control, where relevant for the purposes of Article 15 of Regulation (EU) No 1143/2014), using Combined Nomenclature codes.

Indicate which competent authorities carry out the official controls.

Submit a document (or web link to such document, if appropriate) describing the official controls referred to in Article 15 of Regulation (EU) 1143/2014.

Question 16

- *Optional:* Provide any additional information on the official controls system set up.

Question 17

- Describe (or provide a web link to a document describing) the measures taken to inform the public about the presence of invasive alien species and any actions that citizens have been requested to take. Web links to internet resources can be provided, and example documents uploaded, provided they are accompanied by appropriate descriptions of the actions taken.

Question 18

- Tick the appropriate box.

Question 19

- Provide additional details on how public participation has been ensured for the Action plan(s) following Article 13 of the IAS regulation and in the management measures taken.

Question 20

- *Optional:* Provide any additional information on measures taken to inform the public or to ensure public participation.

Question 21

- Indicate and describe the cost of actions undertaken to comply with Regulation (EU) 1143/2014. First, when available, the costs incurred and/or effort supported should be provided for each category separately (capacity building, operation of surveillance system, operation of official controls, implementation of rapid eradication or management measures, operation of inspections of establishments holding permits). Where costs cannot be identified for individual categories separately, the total cost incurred or effort supported should be indicated and described, as well as the relevant categories selected. As far as possible, include relevant information on cost recovery and the benefits of the actions undertaken (avoided damage costs, avoided damage to biodiversity and related ecosystem services, contribution to other EU targets, avoided damage to human health, safety and the economy), when available.

Question 22

- Tick the appropriate box.

Question 23

Optional: Provide any additional information, or web link to a document, on the cost of action undertaken to comply with Regulation (EU) No 1143/2014, as referred to in Article 24(1), point (i), thereof, including additional details on questions 21 and 22. Elaborate in particular on the costs recovery systems put in place.

Question 24

- *Optional:* Submit a document (or web link to such document) with any other information the Member State wishes to add in relation to the implementation of Regulation (EU) 1143/2014 further to what is requested in this template.
