European Environment Agency

Subject: Bathing water quality report for the season 2009. in Republic of Croatia

In accordance with article 37, point 4, of the Environmental Protection Act (O. G. 110/2007), Croatian Environment Agency in framework of voluntary collaboration with the European Environment Agency, hereby encloses the report on bathing water quality in Republic of Croatia for the season 2009.

In respect to the article 35 of Regulation on sea bathing water quality (O.G. 73/2008), we point out that Croatia will be sending above mentioned data for the needs of European Commission upon accession to EU.

Please note that the Ministry of Environmental Protection, Physical Planning and Construction is in charge of implementation of Regulation on sea bathing water quality (O.G. 73/2008), which is in compliance with *Directive 2006/7/EC of the European Parliament and of the Council of 15 February 2006 concerning the management of bathing water quality and repealing Directive 76/160/EEC*, in part related to sea bathing water quality.
