RE:
Resubmission of National Inventory Report 2010 of the Slovak Republic under the UNFCCC and annual submission under the Kyoto Protocol with respect to the decision 15/CMP.1

Dear Ms. Simeonova,

This is to inform you, that the National Inventory Report of the Slovak Republic for the year 2010 under the UNFCCC and the Kyoto Protocol was resubmitted on the UNFCCC submission portal on 27 August 2010.

We would also like to inform you, that this submission includes supplementary information of the Slovak Republic under the Kyoto Protocol for the year 2010 under Article 7 (1) provided according to the guidelines as given in Decision 15/CMP.1. The resubmission of the SVK NIR 2010 does not influence CRF tables and national GHG totals or inventory in sectors. The resubmission has also no impact on KP inventory.

Sincerely yours,

Helena Princová,
National Focal Point to the UNFCCC
Ministry of Agriculture, Environment and
Regional Development of the Slovak Republic
